Professional Summary

Passionate Computer Science fresher who loves turning ideas into real web applications. From building simple responsive pages to full-stack MERN applications, I have consistently pushed my skills forward through hands-on projects. I bring strong fundamentals in frontend development, a solid understanding of backend APIs, and the drive to learn fast and deliver clean, working code. Looking to grow as a developer in a team that values initiative and real-world impact.

Technical Skills

Frontend Technologies

- HTML5, CSS3, Bootstrap
- JavaScript, React.js
- Responsive Web Design

Backend & Database

- Node.js, Express.js, REST API
- MongoDB, MySQL

Programming Languages

- Python

Tools & Version Control

- Git & GitHub
- VS Code, npm

Professional Skills

- Problem-solving & Logical Thinking
- Adaptability & Quick Learning

Major Projects

E-Commerce Full Stack Application | MERN Stack | [GitHub Link](#)

- Full-stack e-commerce platform built with MongoDB, Express.js, React.js & Node.js
- Implemented user authentication (JWT), product listing, cart management & order tracking
- Designed responsive UI using React-Bootstrap with clean component architecture
- Built RESTful APIs for product, user & order management with proper error handling

Social Media Platform | MERN Stack | [GitHub Link](#)

- Developed a full-stack social media app with user signup, login & profile management
- Features include post creation, user feed, follow system & real-time interactions
- Integrated JWT-based authentication with secure password handling
- Frontend built with React.js & React-Bootstrap; backend with Node.js & Express.js

Electricity Board Connection Management | MERN Stack | [GitHub Link](#)

- Built a government-utility style web app for managing electricity connection requests
- Admin panel to approve/reject applications; user dashboard for tracking status
- Form validation, protected routes & role-based access control implemented
- Responsive design ensuring cross-device compatibility

Education

B.Sc. Computer Science — 70%

M.R. Govt. Arts College, Mannargudi | 2023 – 2026

HSC – Computer Science Group — 70%

Govt. Higher Secondary School, Thamarankottai | 2022 – 2023

Certifications

Full Stack Web Development

Guvi

Generative AI with IBM Cloud

IBM

Languages

Tamil (Native) | English (Proficient)
